About University :

In order to provide new avenues of higher education to the tribal dominated population of North Maharashtra region, the Kavayitri Bahinabai Chaudhari North Maharashtra University (Formerly known as North Maharashtra University) was established on 15th August, 1990 at Jalgaon. In the short span of 28 years, university has bagged many accolades of honor and achievements. The university campus is situated on the bank of river, "Girna" and this beautiful campus is spread over hilly terrain of approx. 625+ acres. The University is almost 10 Km. away from Jalgaon city. The pollution free hilly terrain has augmented the academic ambience of the campus, making it one of the ideal places for taking higher education. Considering the requirements, the university campus is equipped with modern facilities and amenities. The potential of the emerging trends in various fields of Science and Technology were rightly tapped by the university from time to time till date and different curricula are/were imparted through 16 Academic Schools and Departments. University is making heavy use of modern technologies in functioning of academic administration too. Though the academia on the campus is engaged in doing high quality research in frontier areas of Science and Technology, we still firmly believe that our research and technology will make sense, only if these are applicable in real life in user friendly way . In this regard, the university has undertaken two ambitious projects, "Lab-to-Land" and "Lab to Industry". The University was awarded 'A' Grade with 3.11 CGPA in 3rd Cycle re-accreditation in year 2015 by National Assessment and Accreditation Council (NAAC), Bangalore. We are committed to provide high quality education to our students. This is an attempt to make our country a true super power as envisioned by the father of nation late Mahatma Gandhi and Ex-president of the country late Dr. A. P. J. Abdul Kalam .

About Intellectual Property Rights:

Intellectual property means the property represented by the product emanating from creativity of the human mind, human intellect and creative ideas. It can be an invention, original design, trademarks, artistic creation, etc. In earlier times, only physical or tangible assets like movable and immovable properties fetched the minimum value and the owner had an exclusive right over it. With the passage of time, new ideas cropped in new concepts and means for the progress of mankind were thought of and new inventions came to the forefront, which brought about industrial, economical and cultural developments of the society

The intellectual property is an asset and as such, it can be bought, sold, mortgaged, licenced, exchanged or gratuitously given away like any other form of the property. Further, by acquiring a legal right over the property, the creator of the intellectual property seeks to engage that he has exclusive right over it and that property can be put to use by others only with his consent. Besides, ownership of intellectual property gives legal recognition and rewards to one for his/her creative efforts, source of national wealth and mark of an economic leadership in the context of global market scenario.

Objectives of the Seminar:

- 1) To make the students, participants and researchers aware of IPR
 - 2) To understand types of patentable inventions
 - 3) To understand Patent system in India
 - 4) To understand Patent procedure in India
- * Additionally this seminar aims at linking creation and protection of knowledge capital for improvement in the quality of life in India. The themes chosen focus on broad areas intended to cover the whole spectrum of i s s u e s

related to knowledge capital in diverse areas of IPR.

How to reach :

Jalgaon city is well connected by Road and Railways. It is about 400 km away from Mumbai and Pune. Jalgaon is situated on the Central Railways and also connected by Western Railways. Bhusaval (24Km) is another nearest big railway junction. From Bhusaval, one can easily come to Jalgaon by bus or railway. Once you arrive in the city, you can reach to the campus through local transport which is available from Bus Stand and Railway station.

Jalgaon city is well known for Banana, Brinjal and Gold. World famous Ajanta and Ellora Caves are located at 50 and 100 Km respectively. Shirdi is located 200 Km from Jalgaon. Added attraction in Jalgaon is Gandhi Teerth.
