

Standard Guidelines for Video Lecture Recording

1. Kindly fill-up the application form with all details, providing information regarding study material (type, media etc.) to be used during the video lecture recording.
2. Provide all study material to the Technical Staff one day before your allotted time slot.
3. It is humble recommendation to rehearse your lecture/topic, at least once to finish within the specified time duration. Additional written script can be a good idea to be more precise and concise during your presentation recording.
4. Properly sequence use of different types of study material types (power-point, .pdf file, word file, media file, document camera etc.)
5. Keep eye-contact with the camera.
6. Wear your comfortable formal Attire (dress code) preferably with neck tie and blazer would be highly appreciated for more professional performance. Do not forget to wear you ID card.
7. Avoid Palilalia (involuntary repetition of syllables, words, or phrases) during recording.
8. Properly cite/acknowledge external resources (if used) to avoid copyright infringement issues.
9. Be comfortable and avoid camera consciousness.
10. The recorded video lectures shall be hosted on the University LMS/Intranet server for the benefit of the students.
