

Technical Report of International Conference

Attended at Paris, France

Name : Dr.Ganesh A. Bathe

Designation : Assistant Professor

Department : Chemical Engineering Department

International Conference : ICBEE – 2014 Paris, France

I attended international conference organize by Chemical, biological and environmental engineering (ICBEE 2014) at Paris, France on 15-16th September 2014. In this conference I presented a research paper on “Predicting higher heating values of lignocellulosic fuels using lignin”. This research paper even accepted and published in **Elsevier**, APCBEE, Procedia-2014.

Total 39 papers were presented in this conference. Prof. Bogdan Zygmunt from Gdansk Univerisity of technology, Poland started this conference with opening remarks. Prof. James T. Anderson from West Virginia University, USA was the session incharge. Various researchers and professors present there paper in this conference. Technical dialogue with Prof.P.K.Gosh (IITG), Sumaiya Zainal Abidin, Malaysia and C. Santansnachok, Japan was very useful to me.
