S. 79. When an amendment has been moved and seconded it shall be so stated from the Chair, and then the debate may proceed on the original proposal and the amendment together, but in so far as the question raised by the amendment is one on which a member has not yet spoken, he may speak on that question though he has spoken on the original question, or a previous amendment.

S. 87. A proposal "that the meeting be now adjourned to some specified time" may be moved at any time as a distinct proposal, but not as an amendment nor, except on the motion of the Chairman, so as to interrupt a speech. If it be negatived, the debate shall be resumed. The same rule will apply to a meeting of the Senate in Committee. No amendment shall be moved to such a proposal, except the one for substituting a different time for that to which it is proposed to adjourn the meeting.

S. 88. No Annual meeting of the Senate shall be adjourned for more than fifteen days. A meeting renewed or continued after an adjournment is to be deemed one with that preceding the adjournment.

S. 89. The chairman shall resume the Chair only after such a motion or amendment is disposed of.

S. 99. Any member may call the Chairman's attention to a point of order even while another member is addressing the meeting, but, beyond stating the precise point of order raised, he shall not make a speech. Such a call, pronounced by the Chairman to be vexatious, and any interruption or obstruction to the progress of the business before the Senate, pronounced by the Chairman to be unseemly or unreasonable, shall be deemed a breach of order.

S. 100. The Chairman shall be the sole judge on any point of order, and may call any member to order; if the member so called to order, in speaking, disregards such call, the Chairman may direct him to sit down, and thereupon another member may speak.

S. 101. In the event of any contumacious disregard of a ruling or call to order by the Chairman, he may request the member so offending to leave the meeting, and, on such request, the member named by the Chairman shall be suspended from his function as a member during the meeting, and shall be bound immediately to withdraw.

Voting

S. 102. On putting any motion to the vote, the Chairman shall call for an indication of the opinion of the Senate by a show of hands in the affirmative and negative, or by sitting and rising, and

shall declare the result thereof which shall be recorded in the minutes. If the votes are actually counted, the number of votes on either side shall also be recorded in the minutes along with the result.

S. 103. Any member may then demand a Division. Voting in all Divisions shall be by ballot. No Division can be asked for on a motion for adjournment or on a vote of the Senate taken under Statute 66.

S. 104. The Chairman shall thereupon appoint four Tellers, and shall give such directions for effecting the Division as he shall consider expedient.

S. 105. In every Division only such members as were present at the putting of the motion shall be entitled to vote; voting shall be on papers supplied at the meeting by the Registrar, and every voting paper shall be returned with or without the vote.

S. 106. Upon the Chairman announcing the Division to be closed, the Tellers shall state in writing the number on each side, sign the statement, and hand it over to the Chairman, together with the voting papers in two separate bundles, whereupon the Chairman shall declare the result of the Division to the meeting, and the result shall be recorded in the minutes.

S. 107. If, after a Division has been taken, five members present shall demand a recount, the Chairman shall appoint two or more members to act with the Tellers, who shall report the facts found by them in writing to the Chairman, who shall thereupon declare the result to the meeting, and such declaration shall be recorded in the minutes and shall be conclusive.

S. 108. Pending the recount, the Chairman may, in his discretion, either suspend the sitting or call for such business as may, in his opinion, be most conveniently proceeded with. Business thus entered on shall be proceeded with; but on its disposal the regular order of subjects, if it has been departed from, shall be resumed.

Lapsing of Business

S. 109. All proposals, together with their amendments, if any, on the agenda of a meeting of the Senate which have not been moved or upon for want of time or any other reason at the meeting to which the agenda relates, shall, at the close of the meeting, standlapsed. Such proposals shall not be placed on the agenda of the next or subsequent meetings save on receipt of a fresh notice. A motion shall not lapse if a part thereof or an amendment thereto has been voted upon.

Minutes

S. 110. After every meeting or adjourned meeting of the Senate, the Registrar shall, as early as possible within eight weeks, send a copy of the minutes of such meeting to each member of the Senate. In the event of receipt of any exception to the correctness of the minutes within two weeks from the date of despatch of the minutes the same shall be brought to the notice of the Chairman, who shall take necessary action on it.

S.593.

When the system of affiliating Colleges to State Universities was designed, the number of Colleges and the Universities were very small and Universities could supervise the working of the affiliated Colleges very easily. The Universities were acting as examining body and awarding the degrees on behalf of the Colleges. The Colleges looked towards the Universities for any change in the education system and curricula. The academic decision also need quicker pace for making the innovations and designing curricula methods more relevant to the areas in which an institution works.

Due to the phenomenal growth of higher education it has become difficult to keep pace with the requirement of the society. The present affiliating system does not allow the required freedom to the college to meet the demand cast upon them. The existence of large number of affiliated Colleges in the universities has become a drag on the process of modernization and improvement of standards because of the compulsion to prescribe in identical curricula teaching system and examination system for all affiliated colleges and the compulsion to set standards which are attainable by even the weak colleges, the prescription of the universities tends to keep standards low. The colleges which have the potential to implement an academic program to higher standards do not have the freedom to contact such courses or teaching system or examining system. The decision for bringing about innovation and the implementation can be taken quickly in the smaller body.

Various Education Commissions have also recommended that the University departments, Colleges and teachers should enjoy the full academic freedom in development of curricula, teaching methods and conduct of examination. Education Commissions recommended autonomy for colleges. This recommendation is also reiterated in the National Policy on education, 1986 and revised in 1992.

(2) Objectives of Autonomy:

An autonomous College shall have the freedom to

- (a) determine and prescribe its own course(s) of study and syllabi;
- (b) prescribe rules of admission, subject to Government norms;
- (c) evolve methods of evaluation and conduct examinations and;
- (d) evolve new course(s) subject(s) as per the requirement of the

region society and/or industry.

(Note:--Autonomous college shall mean and include affiliated, conducted and or constituent college).

The autonomy shall be a means to achieve higher standards and greater creativity in the future. An autonomous College/Recognized Institution/University Department/University Institution shall be fully accountable for the content and quality of education that it imparts and shall be responsible for evaluation of the students for awards of Degree, Diploma and Certificates, which will be accepted by the parent University.

S.594.

The autonomous status may be conferred on the College/Recognized Institution/University Department/University Institution which has a standing of more than ten years and which is permanently affiliated or recognized and satisfies other norms and conditions of autonomy prescribed by the University Grants Commission and University from time to time.

S.595.

The College/Recognized Institution/University Department/University Institution desirous of having autonomous status shall apply to the Registrar of the University in the prescribed form (Appendix VI), accompanied by fees of Rs. 25000/-, which will increase by 50% after every five years.

S.596.

The Board of College and University Development should constitute a Committee to scrutinize the applications received. The report of Scrutiny Committee shall be placed before the Board for its consideration. After careful consideration of the report, the Board shall recommend the cases of such College/Recognized Institution/University Department/University Institution to the Academic Council for its consideration.

S.597.

The Academic Council, after consideration of the recommendations of the Board of College and University Development shall constitute the Local Inquiry Committee. The Local Inquiry Committee shall consist of:

- (a) one nominee of the Vice-Chancellor (Chairman);
- (b) one nominee of the UGC/AICTE, as the case may be;
- (c) two experts to be nominated by the Academic council i.e. eminent educationists/scientists and/or industrialists;
- (d) the Director of Higher Education/Technical Education, as the case may be, or his nominee not below the rank of the Joint Director/Professor;
- (e) one Principal/Director/Head of the Autonomous College/Recognized Institution University Department/University Institution, as the case may be, if any.

The Local Inquiry Committee shall consider the recommendations of the Board of College and University Development and shall visit the College/Recognized Institution/University Department/University Institution.

Provided that, due notice of the visit of the Committee to the College/Recognized Institution/University Department/University Institution shall be given by the Director, Board of College and University Development.

S.598.

The Committee shall, inter alia, apply the following criteria in examining the application and making report thereon:

- (a) whether the College/Recognized Institution/University Department/University Institution provides facilities for the pursuit of excellence and academically suitable climate of scholarship in terms of curriculum and curricular performances of students;
