KBCNMU, Jalgaon.

Subject: Initiation of Free Online Certification Courses through Infosys Springboard for Students under Visharad the Skill Development Center, KBCNMU, Jalgaon.

Respected Sir/Madam,

With the objective of enhancing students' employability, digital literacy, communication skills and awareness of emerging technologies, **Visharad The Skill Development Center, KBCNMU, Jalgaon**, requests all affiliated colleges in Jalgaon, Dhule and Nandurbar districts to initiate and promote participation in free online learning and certification courses available through **Infosys Springboard**.In today's competitive and technology-driven environment, it is essential for students to develop additional skills alongside their regular academic studies. These online courses provide students with opportunities to strengthen their communication abilities, computer proficiency and understanding of emerging technologies, including Artificial Intelligence (AI). The following courses and skill areas are proposed to be promoted among students:

1. **English Communication Skills:** Spoken English, written communication, professional communication and presentation skills.
2. **Basic Computer Skills:** Computer fundamentals, digital literacy, internet usage and basic office productivity tools.
3. **Artificial Intelligence (AI):** Introduction to AI, generative AI fundamentals and other relevant AI courses.

All colleges are requested to take the following necessary steps:

1. Inform all students about the availability of free online courses through Infosys Springboard.
2. Appoint a faculty coordinator to facilitate student registration, course selection and completion.
3. Encourage students to register on the official platform and enrol in relevant courses according to their interests and learning requirements.
4. Motivate students to complete the selected courses and obtain certificates wherever offered by the platform.
5. Provide necessary guidance and access to computer laboratories and internet facilities wherever possible.
6. Maintain a record of student registrations, course completions and certificates earned.

All Principals / Directors are requested to give this initiative due importance and encourage maximum participation among students of their respective institutions. Colleges should take proactive steps to integrate these online learning opportunities with their student skill-development and employability initiatives. The active cooperation of all affiliated colleges will help to promote digital literacy, English communication, basic computer skills and AI awareness among students, thereby improving their career readiness and professional development.

You are therefore requested to initiate the necessary action at the earliest, Thank you for your cooperation.

Please do find attached Flayers 02 to share in students WhatsApp Groups.
